

PROPERTY SERVICES & MAJOR  
PROJECTS  
Service Delivery Plan  
2026 – 2029

**Service Area**

**Property Services &  
Major Projects**

**Directorate**

**Finance Directorate**

## **Introduction**

The service plans are a key component of Three Rivers District Council's corporate planning process. They describe our ambitions, priorities, targets and how each service area is working towards delivering the councils' themes detailed in the Council Plan. They are reviewed and updated annually considering budgets, performance, internal and external factors, arising throughout the year.

### **Service Plans are monitored in the following ways:**

- Through regular discussion between, service heads, managers and their teams
- Key Performance Indicators are reviewed by the Corporate Management Team on a quarterly and annual basis
- Mid-year review of service plans alongside Professional Conversations

# SERVICE OVERVIEW

The Property Services & Major Projects Team, part of the Finance Directorate, is at the forefront of managing and transforming the council's land and property assets. As a dynamic and forward-thinking service, the team brings together Estates & Asset Management, Facilities Management, and Major Projects functions into a single, multi-disciplinary hub of professional expertise.

Over the next three years, the team will continue to lead on all property-related matters, ensuring that the council's estate is not only well-managed and compliant, but also strategically aligned with the needs of our communities and the ambitions of the organisation, playing its role in providing a smooth transition as we move towards Local Government Reorganisation.

The team plays a vital role in managing the council's investment and income-producing estate, while also ensuring that all assets are maintained safely and in full compliance with statutory and regulatory obligations. It also oversees a substantial garage estate and handles a wide range of resident-facing services, including lettings of commercial premises, land purchase enquiries, license requests, and general estates matters.

## SERVICE OVERVIEW cont.

Operationally, the team underpins the smooth running of council services by managing internal mail distribution, courier services, reprographics, scanning, printing, and a responsive repairs and maintenance function. Looking ahead, the team will continue to lead on major projects that shape the future of the district, including the next phase of the South Oxhey Regeneration Initiative, the acquisition and development of homes through the Local Authority Housing Fund, and the transformation of the corporate estate, including the better utilisation of Three Rivers House.

As a proactive and collaborative service, the team also supports other departments across the Council, adding value and expertise to a wide range of projects and initiatives. With a clear focus on innovation, efficiency, and community benefit, the Property Services & Major Projects Team is proud to be driving positive change across Three Rivers.

# BUDGET

(Table to give topline financials. This will be added post the Service Plans and Budget being agreed at Full Council before being published. )
