

# POLICY AND RESOURCES COMMITTEE

11 March 2024

PART I

## BUDGET MONITORING REPORT TO 31 JANUARY 2024 (DIRECTOR OF FINANCE)

### Budget Monitoring Summary

- 1.1 Budget monitoring report is a key tool in scrutinising the Council's financial performance and is designed to provide an overview to all relevant stakeholders. It is essential that the council monitors its budgets throughout the year to ensure that it is meeting its strategic objectives within its resource limits and, where necessary, corrective action is taken. A key principle of budgetary control is to align the budget holders' financial responsibilities and their management responsibilities.
- 1.2 This report shows the expected financial position over the three year medium term based on the Council's actual financial performance at the end of period 10 (31 January 2024) set against the latest budget.
- 1.3 **Revenue Summary**
- 1.3.1 The forecast reported as at Period 8 of 2023/24 was £14.579m. This was a variation to budget of £0.334m. The forecast year end position for 2023/24 at Period 10 is estimated to be £14.755m. This is a unfavourable variance of £0.176m.
- 1.3.2 The table below shows how the forecast year end position has been constructed:

Revenue Budget 2023/24	£000
<b>Original Net Revenue Budget</b>	<b>13,754</b>
Carry Forward from 2022/23 (Year end report July 2023)	491
Original Budget Plus Carry Forwards from 2022/23	<b>14,245</b>
Variances previously reported	<b>334</b>
Previous Forecast	<b>14,579</b>
Variances to budget reported at Period 10 ( <i>to be noted</i> )	176
<b>Forecast Total Net Expenditure 2022/23</b>	<b>14,755</b>

1.3.3 The main variances are shown in the table below:

1.3.4 The supplementary estimates and variances above includes £194,000 increase in utility bills of which £99,500 relates to the Air Source Heat Pump, £281,000 reduction in expected planning application income and £230,000 reduction in salaries due to vacancies continuing throughout the financial year. Planning income is not expected to increase in the remainder of the financial year, but this figure could change if an unexpected application is received.

#### 1.4 Capital Summary

1.4.1 The latest approved budget for 2023/24 is £19.921m. The forecast Year end position for 2023/24 is now estimated to be £18.914m, which results in a service variation of (£1.007m).

1.4.2 The table below shows how the forecast Year end position has been constructed:

Capital Investment Programme 2022/23	£000
<b>Original Budget</b>	<b>4,602</b>
Rephasing from 2022/23	10,886

<b>Total</b>	<b>(30,143)</b>	<b>(1,717)</b>	<b>(31,860)</b>

## Details

### 2.1 Revenue Budget

2.1.1 The Council's latest approved services budget (excluding corporate budgets) is £12.357m, the previous Forecast was £12.760m. The forecast year end position is now estimated to be £13.136m which results in a reduction to the forecast of £0.376m.

2.1.2 The table below shows the supplementary estimates and variances to be managed against each Committee. The position of each cost centre and an explanation of the main variances for each committee are set out in the detailed committee monitoring reports at Appendices 1 to 3 and within the Corporate Costs Medium Term Revenue Budget at appendix 4.

<b>Committee</b>	<b>Supplementary Estimates £000</b>	<b>Variances to be managed £000</b>	<b>Total £000</b>
General Public Services and Economic Development	0	397	397
Climate Change, Leisure and Community	0	(38)	(38)
Policy and Resources	0	17	17
<b>Total</b>	<b>0</b>	<b>376</b>	<b>376</b>
Corporate Costs (Interest Earned/ Paid) and Parish Precepts	0	(200)	(200)
<b>Net General Fund</b>	<b>0</b>	<b>176</b>	<b>176</b>

2.1.3 Within appendices 1 to 3, annex B sets out the supplementary estimates, variances to be managed, and budget virements requested for each committee.

2.1.4 The budget virements requested enable effective budget management by ensuring that budgets are aligned to service activity, management responsibilities, and reflect grant income and planned use of reserves. Budget virements must always net to zero across the Council's budget. Policy and Resources Committee is recommended to approve the budget virements at paragraph 10.1.

2.1.5 There are no supplementary estimates requested at the end of Period 10. Supplementary estimates are requested when there is certainty that a budget pressure will arise, and the pressure cannot be managed within the service area. Supplementary estimates are funded by an increase in the contribution from General Balances and if agreed, result in the latest budget being updated to reflect the agreed expenditure. The impact of agreeing the additional budget is taken into account in the General Fund reserves forecast at paragraph 2.2.1. Policy and Resources Committee is recommended to approve the budget virements at paragraph 10.2.

2.1.6 At the end of Period 10, variances to be managed total £0.176m. The Policy and Resources Committee is recommended to note these variances at paragraph 10.3.

## 2.2 Revenue Reserve Position

2.2.1 The effect of all Period 10 variances on the Council's General Fund Reserve over the medium term is shown in the table below:

Movement on General Fund Balance	2023/24				2024/25	2025/26	2026/27
	Original	Latest Budget	Previous Forecast	Latest Forecast	Latest	Latest	Latest
	£000	£000	£000	£000	£000	£000	£000

<b>Closing Balance at 31 March</b>	<b>(4,620)</b>	<b>(3,617)</b>	<b>(3,976)</b>	<b>(3,702)</b>	<b>(3,649)</b>	<b>(3,630)</b>	<b>(3,564)</b>

2.2.2 A prudent minimum general fund balance of £2.000m is considered appropriate. The general fund balance is forecast to remain above this minimum level over the medium term.

2.2.3 The Council also has the Economic Impact Reserve which is held to manage the impact of economic fluctuations. The reserve will be used in 2023/24 to fund the shortfall on the SLM management contract income as a result of the impact of COVID-19 on the leisure contract and the reprofiling of the management fee in the following table:

Movement on Economic Impact Reserve	2023/24				2024/25	2025/26	2026/27
	Original	Latest Budget	Previous Forecast	Latest Forecast	Latest	Latest	Latest
	£000	£000	£000	£000	£000	£	£
Balance at 1 April	(1,618)	(1,618)	(1,618)	(1,618)	(1,435)	(1,287)	(1,139)

2.2.4 After taking account of the Economic Impact Reserve, the Council's unrestricted reserves position is forecast to remain above the £2.0m risk assessed level across the MTFP at £4.703m as at 31 March 2027 see Appendix 6.

## 2.3 Investment Portfolio

2.3.1 The Council's Property Investment Board was allocated up to a total of £20.000m in 2017 to invest in acquiring property with a specific remit of achieving a 5% return (yield) on the investment. The table below shows those properties that the Council has acquired, the 2023/24 receivable rent, and the resulting yield.

2.3.2 The total rent due is forecast to be £1.039m which will achieve an average yield of 5.67%, above the 5% target.

2.3.3 The governance of property investments is covered in the Property Investment Strategy.

Investment Property	2023/24 rent £000	Total cost of property £000	Yield %	Comments
Nottingham	(205)	4,469	4.59%	Acquisition of freehold interest located in the city centre of Nottingham let to commercial tenants, for a combined rental of £227,600pa on a 10 year lease from Feb 2018 which is subject to upward only rent reviews in Feb 2023. With effect from the Feb 2023, Barclays Bank Plc rent has been negotiated and agreed at £145,000 pa. This will be to lease end Feb 2028. Due to financial difficulties which a number of high street brands have encountered, one tenant company was under a Company Voluntary Agreement (CVA). Effective from the 2/9/20 to 8/4/2023, paying only a concessionary rent of £12,000 pa as opposed to the contracted rent of £60,000 pa. Property Services have, with effect from the end of the CVA, reverted the rent back to £60,000 pa. A rent challenge has been lodged by the Tenant with TRDC, querying the reversion of rent to the original contracted rent of £60k after the CVA. The tenant is continuing to pay the concessionary rate until a market review is carried out. The projection will be reviewed after the market rent review and backdated to 8 April 2023.
Norwich	(496)	7,169	6.92%	Acquisition of a freehold interest located in the city centre of Norwich. Let to commercial sitting tenants for 20 year lease from December 2007. The rent due wef 21-12-21 was £468,670. The rent is reviewed annually in line with RPI, with a collar and cap arrangement of 3% and 5% respectively. However, the lease requires that every 5th year a market rent review is undertaken. Rent review undertaken and it has been decided to uplift rent wef 21-12-22 by cap rate of 5%. This will result in an annual rental figure of £492103.58
Lincoln Drive (South Oxhey)	(151)	2,740	5.51%	The purchase of a Temporary Accommodation hostel at Lincoln Drive, South Oxhey. This comprises of 20 units with a mixture of 1, 2 and 3 bedrooms. This represents the net rent after the deduction of the management fee payable to Watford Community Housing which includes voids and the provision for bad debts. Management costs have increased wef April 23 by 11%. Rent and bad debt provision remain the same.
The Grapevine	(187)	0	0.00%	A joint venture development with Watford Community Housing on the ex-public house site 'The Grapevine'. Loan facilities provided by TRDC to Three Rivers Homes Ltd comprises of £5.182M with an interest payment plus accrued interest amounting to £187k.
<b>Total</b>	<b>(1,039)</b>	<b>14,378</b>	<b>5.67%</b>	<b>Average Yield</b>

2.4 **Capital Programme**

2.4.1 The Council's capital programme has been designed to support and enhance its core services and priorities. The Council's Medium Term Capital Investment Programme is shown by scheme by each Committee at Annex C in Appendices 1 to 3 and includes variances and commentary from officers.

2.4.2 The latest approved budget is £19.921m. The forecast year end position for capital expenditure by Services at Period 10 is £18.914m. This provides a variance to latest budget of (£1.007m). The Policy and Resources Committee is recommended to approve a revised capital programme budget taking account of the budget variations as set out in appendices 1 to 3 at paragraph 10.4.

2.4.3 The table below shows the 2023/24 original budget, latest budget, forecast year end position, spend to date and variance for Period 10.

Committee	Original Budget £000	Latest Budget £000	Spend to Date £000	Year end Forecast £000	Variance £000
General Public Services & Economic Development	2,368	3,027	1,029	2,494	(533)
Climate Change, Leisure & Community	1,122	1,518	855	1,240	(278)

<b>Total Service</b>	<b>4,602</b>	<b>5,964</b>	<b>2,333</b>	<b>4,957</b>	<b>(1,007)</b>
<b>Major Projects:</b>					
South Oxhey Initiative	0	7	0	7	0
Property Investment Board	0	3,607	3,605	3,607	0
Local Authority Housing Fund	0	10,343	85	10,343	0
<b>Total Capital</b>	<b>4,602</b>	<b>19,921</b>	<b>6,023</b>	<b>18,914</b>	<b>(1,007)</b>

2.4.4 As at the end of Period 10, the spend totalled £6.023m and represents 30.23% of the latest budget.

2.4.5 The capital programme is mainly supported by three income streams; capital receipts (derived from the sales of assets), grants and contributions, and the use of reserves. In addition, the Council may prudentially borrow to fund its capital programme. Decisions on borrowing (amount and duration) will be taken when the need arises. Funding of the capital investment programme over the medium term is shown at Appendix 5.

## 2.5 Key Risk Areas

2.5.1 Resources are allocated in the revenue and capital budgets to support the achievement of The Council's corporate plan. The Council's budget is exposed to risks that can potentially impact on service level provision. The key risks highlighted as part of this quarter's monitoring are;

- **Inflation**

The 12 month Consumer Price Index (CPI) was 4.0% for January 2024 and the Retail Price Index (RPI) was 4.9%. Inflation drives costs across the Council's budgets with the most significant impact on pay, fuel and energy costs.

The impact on the Council's budget is set out section 2.6 below.

- **Business Rates & Council Tax**

The cost of living crisis, low economic growth and risk of recession will continue to place pressure on households and businesses throughout 2023/24 and may impact on the collection rates for Council Tax and Business Rates (NNDR - National Non Domestic Rates). The table below shows the impact on collection rates in the first four months of this year:

Fund	P10 2023/24 Target	P10 2023/24 Actual	Difference
Council Tax	81.6%	94.6%	7.00%
Business Rates (NNDR)	82.5%	91.13%	8.63%

As at 31 January, collection rates for both Council Tax and NNDR are ahead of target, however, this reflects the profile of payment plan options such as the payment of Council Tax over 10

months of the year rather than 12. Year on year, the collection of Council Tax is marginally ahead of the position reported at 31 January when 94.5% (0.1%) of Council Tax and 92.83% (-1.7%) of Business Rates due had been collected.

Any impact on collection rates will feed through the Collection Fund to impact on council spending power in 2024/25 through the Collection Fund surplus or deficit.

- **Recycling Costs**

The Council has a contract for the disposal of recycling. The cost of the contract is variable and is linked to the global commodities market. The price can fluctuate significantly and when demand for recyclable materials is high the Council receives income for the recycling. Currently, the Council faces a cost to dispose of recycling as demand for materials has reduced. Recent economic performance data released from China, where the economy appears to have entered a recession, suggests that demand for recyclable materials could remain low for longer, increasing the cost to the Council.

At present the Council is being prudent in its forecasting and assuming that recyclable income will not recover. The graph below shows the cost of, or the income received for the last 3 years and illustrates how this position can change in year.

- **Interest Rates**

The Bank of England's response to high inflation has been to utilise monetary policy by increasing the Bank of England Base Rate. This has impacted on the cost at which government can borrow and has fed through to the rates at which Councils can borrow from HM Treasury through the Public Works Loans Board (PWLB), rates that can be achieved from deposits with HM Treasury through the Debt Management Office (DMO), local authority to local authority lending and borrowing, and the interest rates offered by banks on current accounts and fixed deposits. The Council's cashflow forecasts indicate that the Council does not have a borrowing requirement during 2023/24. Therefore, the risk to the Council is on the upside, as higher interest rates mean that the Council will be able to generate more income from investing cash balances. The Council's Treasury Management activity is reported to the Audit Committee and the performance against budget is contained within this report in Appendix 4.

2.5.2 The Council's overall key financial risk matrix is shown at Appendix 7. These are reported and monitored and reviewed by the Council's Audit Committee on a quarterly basis. The latest matrix was presented to the Audit Committee on 30 November 2023.

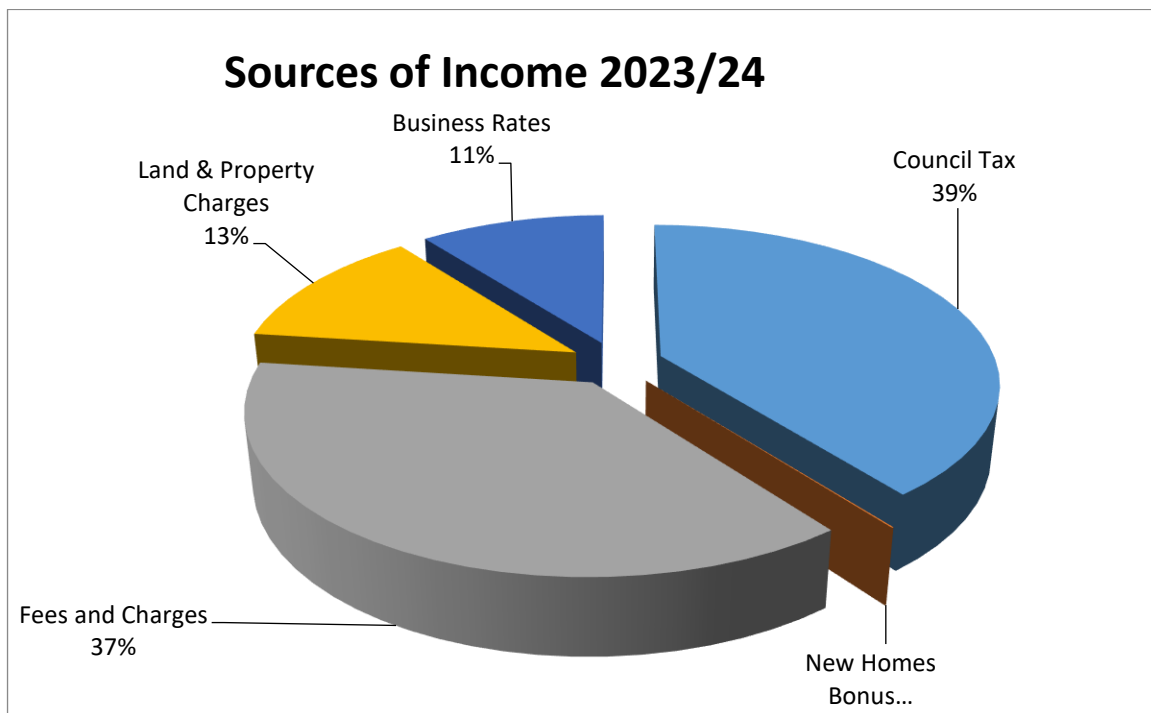

## 2.6 Impact of inflation

2.6.1 Utility costs remain a concern, £194,000 of variances to be managed have been reported at 31 January, with £99,500 of this sum due to the cost of electricity for the Air Source Heat Pump that was installed March 2023. As far as possible, services will be expected to absorb increased costs by managing other expenditure.

## 2.7 Council Income

2.7.1 The chart below shows the amount of income for each source as a percentage of total income.

2.7.2 Particular income generating items can fluctuate depending on the economic climate, popularity and affordability. The main risks that are considered the most critical and their financial position are shown in the table below. It should be noted that the income receivable from the Planning Services and Parking Enforcement are not linear and are subject to peaks and troughs throughout the financial year.

2.7.3 Environmental Services, trade waste is invoiced to customers half yearly in April and October and garden waste for existing customers is charged for in one instalment at the beginning of the financial year.

2.7.4 Garage rents are charged on a weekly basis and most are collected by a monthly direct debit. Licensing income relates licences which are issued on a three or five year basis.

Service	Income Stream	2023/24 Original Budget £	2023/24 Latest Budget £	2023/24 Actual to date £	2023/24 Year end Forecast £	2023/24 Variance £

2.7.5 Further details on the Council's key budget indicators for revenue service income streams (including volumes and trends) are shown in the detailed Committee Monitoring Reports at Appendices 1 to 3.

## 2.8 Debtors (invoicing)

2.8.1 The Council charges its customers for various services by raising debtor invoices. If the debt remains outstanding, then a variety of recovery methods are employed including rearranging the payment terms, stopping the provision of the service or pursuing the debt through the legal recovery process.

2.8.2 As at the end of Period 10 (January), the total outstanding debt was £0.561m. This is equivalent to 2.2% of total budgeted income of £25.500m. Debts less than one month old total £0.108m (19.25% of total debt) and it is considered that this sum will be recovered. Outstanding debt over a year old is £0.093m (16.57% of the total debt) which mainly relate to unpaid rent on Temporary Accommodation. The Council's debt recovery team will continue to chase these debts and initiate payment plans (instalments) wherever possible.

2.8.3 The table below shows a summary of the outstanding debt by the three main aged categories.

Aged debt	Services	Under 1 Month	Over 1 Month to year	Over a year	Total
Committee		£	£	£	£
General Public Services & Economic Development	Housing, Public Health and Wellbeing	7,706	9,872	55,713	<b>73,291</b>

<b>Total</b>		<b>107,758</b>	<b>360,514</b>	<b>92,723</b>	<b>560,995</b>

## 2.9 Treasury Management

2.9.1 The Council has managed its cash flows and adhered to its Treasury Management policy during the period to 31 January. The interest earned on the investments made by the Council supports the funding of the services it provides. The Council set an original budget of £0.290m on short-term investment interest for 2023/24, this was revised to £0.850m at Period 8 and is being revised to £1.150m at Period 10. The Bank of England base interest rate was 4.25% on 1st April 2023, and was subsequently increased by 0.25% in May, 0.50% in June and 0.25% in August 2023. The base rate was therefore 5.25% at the end of the period.

## 2.10 Staff Vacancy Monitoring

2.10.1 A major risk of non-delivery of service is where key staff leave the Council's employ and there is a delay or difficulty in recruiting suitable candidates to fill the vacant post. The table below summarises the level of vacancies at the end of January 2024 with a detailed analysis by service within appendices 1 to 3.

Committee	No of Vacancies
General Public Services & Economic Development	7
Climate Change, Leisure & Community	1
Policy & Resources	2
<b>Total</b>	<b>10</b>

2.10.2 The percentage of vacant posts at the end of the second quarter is 3.62% when compared against the total number of 362 Council posts. In some cases, vacant posts will be covered by agency staff to ensure service delivery.

## Options and Reasons for Recommendations

3.1 The recommendations below enable the Committee to make recommendations to Council to agree the allocation of financial resources to delivery Council services.

## Policy/Budget Reference and Implications

- 4.1 In accordance with the Council's Constitution and Financial Procedure Rules, if the recommendations are accepted, this will amend the Council's budgets for 2023/24, and over the MTFP.
- 4.2 There are no substantial changes to Council policy resulting from this report.

## Financial Implications

- 5.1 The following revenue and capital variations have been identified for all service committees at 31 January 2024:

Variance	2023/24 £	2024/25 £	2025/26 £	2026/27 £
Revenue - (Favourable)/ Unfavourable	176,731	0	0	0
Capital - Increase / (Decrease)	(1,007,146)	1,005,146	0	0

- 5.2 The explanations relating to these variations are set out in the main body of this report and supporting appendices.

## Legal Implications
